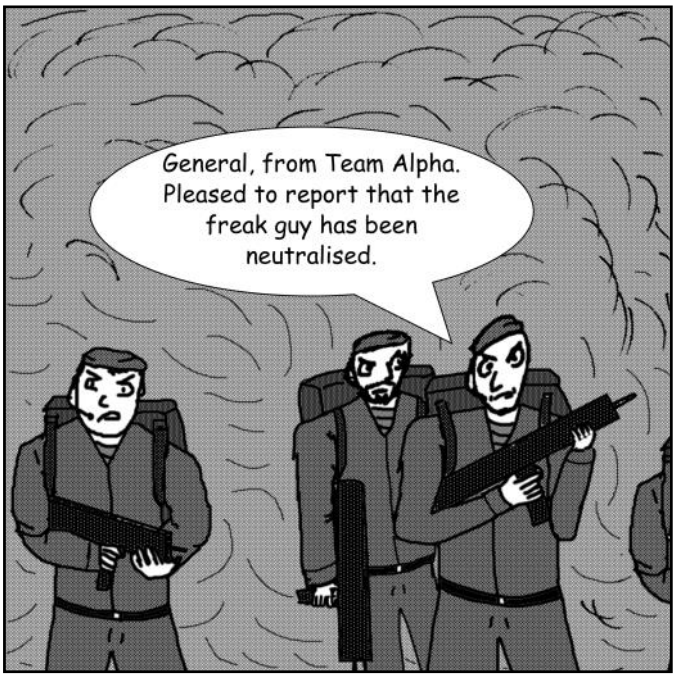
Part 11.



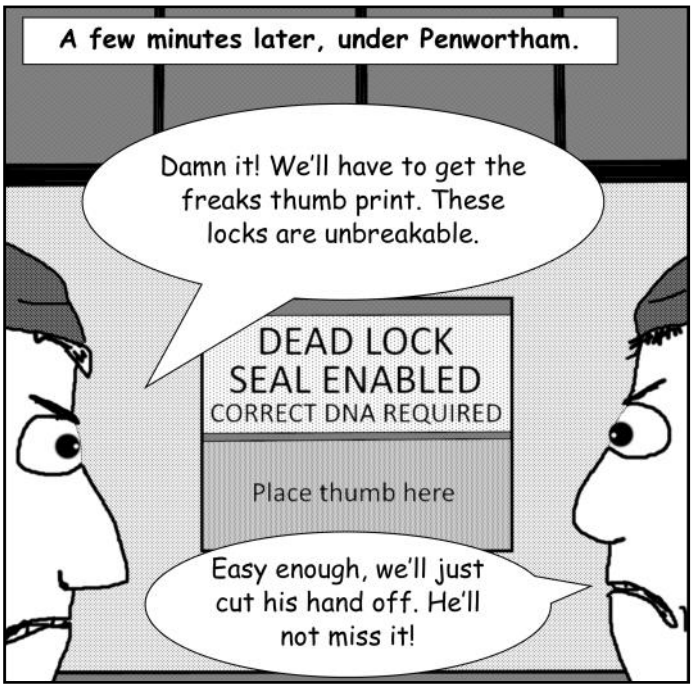
General, from Team Alpha. Pleased to report that the freak guy has been neutralised.

Excellent news Team Alpha. Proceed with the rest of the mission!
Oh and Captain, beware of booby traps.

Well then Blive! I thought you said this guy was almost unstoppable.
Looks like we stopped him today!

I am surprised General. Maybe the new ammo helped?
Last time we met, he carved through my men like they weren't there!

Well your men were American. My men are Royal Marines.
Just annoying that I had to lose the grunts in Penwortham.



A few minutes later, under Penwortham.
Damn it! We'll have to get the freaks thumb print. These locks are unbreakable.
DEAD LOCK SEAL ENABLED
CORRECT DNA REQUIRED
Place thumb here
Easy enough, we'll just cut his hand off. He'll not miss it!

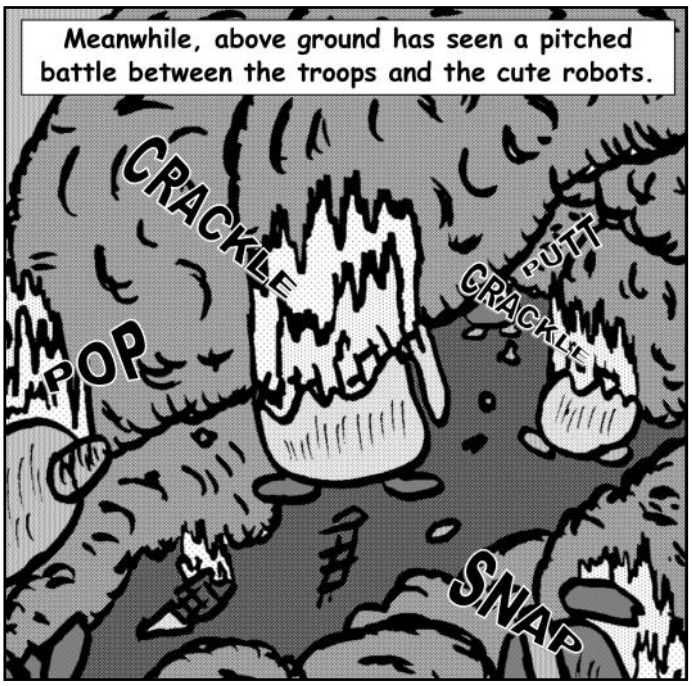
Captain, it's the freaks body. It has gone?



Meanwhile, above ground has seen a pitched battle between the troops and the cute robots.
